

HOW TO:

RUN OUT-OF-THE-BOX REPORTING FOR AX

As a Dynamics AX IT manager, you create out-of-the-box reports to help your organization thrive. Your reports help teams make informed strategic decisions, optimize business operations, and improve financial performance. But AX reporting comes with plenty of pain points that can slow your momentum and deflate your mood. Let the Dynamics AX User Group (AXUG) solve your challenges, save your sanity and lift your spirits.

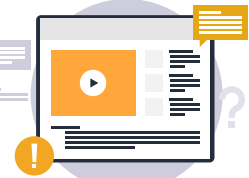

Get started on a road to reporting empowerment today!
